Presentation Will Impress

Immaculately presented quaint seaside home. Ready to move in, kick back and enjoy the Red Rock lifestyle. This home has been painted in recent years. It offers an open plan layout, neat and tidy kitchen with ample bench and cupboard space. Adjacent to the kitchen is the dining and lounge room equipped with Reverse Cycle Air Conditioning. The use of modern plantation shutters and wooden floor boards give the home a warm modern feel. The main bedroom is a good size with plenty of storage space in the built-in wardrobe. The second bedroom also comes with a built-in robe and offers access to the spacious rumpus room perfect to use as a 3rd bedroom or 2nd living area. New café blinds have been installed on the rumpus room windows and on the east facing front deck to keep the home cool in summer. Additional features include: Solar Hotwater System, remote control garage door, bore water, new front block out screens and low maintenance gardens. The beauty of this home is you can just move and unpack; whether you are staying for holidays or staying permanently there is nothing to do but slip on your thongs and head to the Estuary for a dip.
