Townhouse 3  2  2 

3 bedroom townhouse towards the Jetty

Very large townhouse with steady tenants. Toilet in laundry + 1 each in the ensuite & main bathroom. Quality construction by Pat Ryan in the early 90's. The front door opens to the small courtyard at the southern side & has double garage under with power lift on the northern side with internal access. Sensor lights guide you up the stairs into the living area & kitchen, dining & laundry level. Up the stairs again & there are 3 bedrooms + the bathrooms. This one has a quite pleasant outlook northwards over the suburbs & towards the beach as it's just one townhouse from the highest position in the block.
