The complex is centered in the burgeoning Mascot precinct, just 6 km south of CBD and a few minutes' drive to the airport. It comprises of 84 residences and a boutique retail shop front. Designed by MHN Design Union, Evolv Building changes the face of inner city through its response to architectural form and function, mainly exploring the two dimensions in architecture, its visionary design and sculptural profile of the building.

- A landscaped podium flanks the building and incorporates a sequence of pocket gardens woven with tranquil walkways, seating areas, and bbq terraces for residents to enjoy.
- Neutral colours and finishes are complementary allowing occupants a canvas on which to personalise their spaces.
- Air conditioning, Built in wardrobes & Intercom.
- Northern sun and panoramic views that range from the city to Botany Bay.
- Exciting new caf  s & celebrated restaurants just moments away.
- Eastern beaches and major retail centres are just a 10 minute drive.
- Just 6km south of the CBD, it's ideally located for work and leisure.
