House 3  2  1 

LOOKING FOR SPACE AND SOMETHING NEW?

This beautifully presented family home looks small from the front but inside is a very generous family home. Fully renovated and extended over the past few years it now has a lounge room to the front of the home with a massive air-conditioned family and dining room to the back. A recent addition to the home is the master bedroom suite, it has a big built in robe as well as a modern ensuite and opens up onto the back deck. The master bedroom is set to the rear of the home giving mum and dad some space and the other 2 bedrooms are big enough for queen and double beds and have built in robes too. A big corner bath and shower in the main bathroom with a separate powder room too. Having the 2 new bathrooms and the separate powder room means you wont have to wait to use the bathroom again. A big modern kitchen with plenty of cupboards and bench space right in the heart of the home. Outside has a lovely outdoor living area that overlooks the level backyard which is fully fenced to keep in kids and pets. A single garage plus a long driveway for plenty of off street parking. There is nothing at all to do inside this home, it really is one of the best 3 bedroom homes on the market right now.
