AFFORDABLE BLOCK CLOSE TO ALBURY CITY CENTRE

This stunning block has plans for a modern home with a great flow. Ideal city townhouse location but with a leafy green outlook and some lovely bush walks nearby.

Open for Inspection

By Appointment.

This would make a great spot for your own home but would work equally as well as an investment.

The block is 490m and located in a quiet street just over the crest of Monument Hill in West Albury. This is truly LOCATION LOCATION but without the exorbitant price tag.

It is a sloping block surrounded by high quality homes and shares a driveway with the property behind.

Central blocks are hard to come by so check this gem out and call me for more information.
