Your Home - Your Investment

Now that you are in the market for a family home and of course you would like the best for your budget dollars, this is one you must inspect. This home sits in an elevated street position with a fully fenced, near level 653sqm yard, great for the children, pets or the man's shed. The kitchen, meals and family area are open plan. The kitchen has a breakfast bar and is central in the open plan living area. It has a separate, semi formal lounge area. With 4 bedrooms and 2 bathrooms, this an ideal family home. There is a walk-in robe and ensuite to the master bedroom and built-in robes to the other bedrooms. At a price that is very competitive in the current market place, this is certainly one to consider. Currently tenanted so could also make a good investment. Call now for an inspection.
