Open for Inspection

By Appointment.

There is a lock up garage that secures 1 car, but the driveway is also an option to station an extra car if you needed more space. With a large backyard area that travels down the side of the property, there is a great opportunity for some landscaping or gardening to be done, as well as space to do so in the front yard. The property is also a short driving distance to shopping centres, schools and public transport services in Tarneit, to allow access for all members of the family to get to their day to day activities!

Call Mia from LJ Hooker City Residential on 0439 994 244 to inquire about the property or upcoming inspection times!
