Prepare to be surprised!

Tucked away in a quiet cul-de-sac in Lemon Tree heights is this spectacular surprise! From the outside I look conservative and neat, but on the inside...WOW! Superb renovation with an absolutely 1st class kitchen with all the bells and whistles, beautifully tiled living areas lead out to a HUGE family room with high raked cathedral ceiling and a glorious outlook over the private and leafy backyard. It feels like your own 'private idaho' with beautiful light and a huge amount of space. Fully airconditioned with 2 split systems, 3 bedrooms with built-in robes (in 2) and everything in excellent condition. Very deceptive with nothing to do but move in and enjoy, be quick!
