With a different floorplan from the usual, this home was designed to maximise the use of the allotment. It has provided a spacious family home as well as plenty of secure outdoor space for kids, gardens and pets.

The home is located in the Fox Hill estate in Nairne which has become very popular for young families. Being at the end of a Court on the high side of the road this good sized home on a manageable 630m² (approx) gives you the space and features you are looking for without lots of passing traffic so it is quiet and peaceful.

All of the bedrooms have built-ins with the large master suite featuring a walk-in robe and ensuite bathroom.

The family bathroom has a bath which is an absolute necessity in a family home like this.

The kitchen overlooks the large family/dining room which has sliding door access to the under the main roof patio.

Split system air-conditioning, ceiling fans in all of the bedrooms, auto garage door and a fully and securely fenced good sized yard completes the package.

A great start for families wanting to buy their first home and not wanting to settle for something small on a little block.
