## Acreage With Ocean Views, In The Heart Of Lennox

An extremely rare offering of acreage and ocean views in the heart of Lennox Head. First time to market in 30 years, this unique 7,023sqm property sits only a 2 minute drive from the Lennox Village and Seven Mile Beach.

Elevated and with a sun drenched due north aspect, the property has 2 road frontages and consists of a main residence plus a separate self-contained flat which is currently tenanted.

The extensive use of timber throughout the home resonates with the natural surrounds, making you feel like you are tucked away in your very own nature reserve. The large wrap around covered deck offers an elevated coastal panorama and makes an ideal spot for your hammock or yoga mat.

The options for this property are endless - create a grand estate or move in and leave as is to enjoy a tranquil and rustic lifestyle.
