A Central Beauty

Behind the beautiful picket fence lies this hidden gem brimming with old world charm. Nicely nestled on a lovely garden block with wonderful shady trees and inviting outdoor spaces this home is only a stone's throw from the new DPI building. Freshly painted and carpeted in modern, neutral colours the home sparkles and has a lovely "feels like home" feeling about it. The stylish white kitchen has just had the finishing touches completed and features Caesarstone benchtops and lots of storage. The bedrooms are spacious with plenty of room for double beds in each. Upstairs the parents retreat is like sitting on top of the world with a lovely big bedroom, ensuite and another private living room. This truly is a central beauty and you know how fast they are selling. Don't delay!
