

5/28 Macquid St, Queanbeyan, NSW 2620

Sold - 13/07/2020

Townhouse 3  2  2 

A Timeless Classic

Inspections are highly recommended on this superbly presented 3-bedroom ensuite townhouse with double garage and the bonus of a large workshop/storage area under.

This lovely townhouse is located in a sought-after complex of only 5 and is a 10 min stroll to the main street, the river corridor and the popular Riverbank Caf      for that morning coffee with friends.

The floor-plan will cater for a quiet evening read in the separate lounge room, or informal living in the north facing family/meals and enclosed sun room.

The kitchen is spacious in design and has ample cupboard & bench space, dishwasher, natural gas cook top, and under bench oven.

All the bedrooms are well sized and have quality mirrored built in robes, with a spacious ensuite to the main bedroom. The main bathroom has vanity, separate bath and a shower recess. The main toilet is separate as is the laundry.

Year-round creature comforts include a ducted reverse cycle air con system, plus a lovely natural gas wall inserted heater in the family room.

The rear stairs take you down to the large paved courtyard area contains potted gardenias, side courtyard area, and the storage/ workshop area, not found in many townhouses, an ideal mini man cave!!

The double garage is detached and off street and opens onto the courtyard and both doors have remote access.

This is a wonderful opportunity to secure a well-appointed townhouse in a sought-after position that will impress buyers upon inspection.

The owner is downsizing, and you can inspect this timeless classic by calling Michael Dyer, 0438 174400 to arrange your private viewing.
