Executive Designer Rainforest Sanctuary Living On Over Quart

Boasting a tightly held address on one of the north-facing quarter acre allotments in Rainforest Sanctuary is this sophisticated, architecturally designed family residence that has been custom built to enhance executive family living.

Immaculately presented throughout, this designer residence is positioned behind a remote gated rendered wall on a commanding 1,007m² allotment backing onto natural rainforest reserve.

The home offers a practical family configuration with a separate children's wing to the front with a large main bathroom, powder room & three queen size bedrooms with built-ins.

There is an open plan living design with a separate media room that can be enclosed with Japanese sliding screens. The media room overlooks a professionally landscaped courtyard.

The main living space boasts high ceilings and floor to ceiling glass that open onto the deck and rainforest back drop. The kitchen is centrally located with a granite island and stainless steel appliances, all overlooking the casual lounge and dining rooms.

Bi-fold doors open onto the under main roof deck featuring piped speakers and an elevated outlook over the roman pool with cascading water feature. Surrounded by professionally manicured lawns and gardens this executive residence is an outstanding representation of Rainforest Sanctuary living.

The master suite is also located at the rear of the home with a picturesque outlook over the pool and rainforest. There is an open ensuite with dual vanities and spa as well as a walk-in robe.

A home of impeccable style, timeless design and commanding appeal, this tightly held strip of homes in Rainforest Sanctuary are rarely offered, giving the buyer the opportunity to secure one of the rare quarter acre allotments facing north to rainforest.
