House 3  2  2 

STARTING? INVESTING? DOWNSIZING? WE HAVE YOU SORTED!

Meticulously presented from start to finish, this 3-bedroom, 2-bathroom family home offers an outstanding design that sets it apart from other 3-bedroom layouts. The master bedroom with en-suite and walk in robe sits at the front of the home. However, heading through the entrance, when you enter, brings you to the formal lounge and then through to the informal living. With doors separating these areas, this home could suit 2 individuals who just need to share a kitchen.

Fall in love with the light-filled living, dining and kitchen zones. The large windows to the side of the home provide peaceful views to the leafy courtyard gardens and a dome pergola. The glass sliding door provides direct access which extends the informal living space.

The u-shaped kitchen is perfect for entertaining and everyday cooking. Overlooking the informal living space, the kitchen offers modern appliances, dishwasher and the fridge is even included in the sale! The owner has also installed extra cupboards for storage and there is plenty of work space on offer.

The 2 minor bedrooms are the same size and offer room for queen size beds with built in robes.
