

15 Mcandrew St, Caboolture, QLD 4510

Sold - 11/06/2020

House 4 2 2

SOLD BY JO-ANNE WILLIAMS

Need space? This huge family home delivers it in spades.

Every member of the family can have their own space in this fabulous home, with four distinct living areas. Entry to the home brings you into the large main living/dining area. The spacious kitchen features a 6 burner gas range, perfect for the keen chef, lots of storage and a walk in pantry.

The adjacent alfresco area is flanked by two further living spaces, one large enough for the pool table and the other which is perfect for a media room or quiet sitting/reading room.

A designated study/office is conveniently located near the entry to the home.

The master suite is spacious and features an ensuite and large walk in robe. Three additional bedrooms are located off their own separate hallway, sharing a central rumpus room with outdoor access. The main bathroom and laundry are conveniently located nearby.

There is double gate side access for the trailer or boat.

You won't even notice the hot sticky summer days and nights, thanks to the ducted airconditioning throughout.

This is a perfect family home, in a great location. Central Lakes has a myriad of parks throughout, featuring walking paths, playgrounds, bbqs, basketball court, footy field and exercise equipment, easy highway access, close to the hospital, local shopping centre featuring Woolworths, schools and public transport.
