Beautifully Renovated

As soon as you walk in the front door you will be amazed on how light and airy this home feels, with polished floor boards with freshly painted walls and new LED downlights.

Four large bedrooms with built-in wardrobes and new carpet. The bathroom has been completely gutted and is now modern and easy to clean.

If you work from home or like to have a space where you can go and do book work or study there is a designated office just for those needs.

In the heart of the home is a well-designed modern and functional kitchen.

Step outside to an oasis of fernery and lawned area all on automatic watering system. Lovely undercover entertaining area complemented by a games room which could be kid's playroom, spare room, man cave, the options are endless.

There's room for three cars and a separate shed as well.

We would recommend an inspection on this home as there are so many extras - solar, massive rainwater storage and new ducted reverse cycle air conditioning.
