Lighthouse Beach Cul De Sac - Tranquil Treed Outlook

Defined by its innovative split-level design, and enchanting Lighthouse Beach setting, this charming home is a private haven.

Set within a tranquil cul de sac an easy walk from Lighthouse Plaza shopping centre, tavern and golf course, you'll find that the pristine sands of Lighthouse Beach, child care and public and private schools are all less than five minutes drive from your door.

Beautiful established gardens can be enjoyed from the verandah at front or rotunda set amongst winding paths at rear, where a garden oasis has been created for privacy and effect.

Freshly painted throughout and with a living area of huge proportions, the lounge is separate from dining and a light filled kitchen with breakfast bar and outlook over established, low maintenance gardens.

A parental retreat, the master suite offers a private sitting room flowing onto a balcony with verdant treetop outlook shared by a sleep zone with walk-in robe and ensuite.

Additional bedrooms have built in robes and all have ceiling fans for year round comfort.

A large bathroom with toilet and separate powder room service both family and guests, while the laundry has built-in storage and benchtop for practical convenience.

Reverse cycle air conditioning, auto garage with internal access and under house access for storage are features of note.

A fabulous home in an aspired to precinct, and fantastic opportunity to secure location!
