Past the attractive brick and timber facade, the family friendly floor plan unfolds. Internal access from the double, secure garage has direct entry into the living areas, where multiple east and north facing windows stream loads of light in. A corner timber fire box, with external flue, provides welcome warmth and atmosphere in the generous lounge room. The living and dining areas are also air-conditioned and pivot around the central kitchen. Practical in design, the kitchen has a favourable working area and provides efficient flow between the living areas. Easy to maintain floors and a couple of stairs lead down to the bedroom and bathroom section of the home. Suitable segregation exists between the main bedroom with ensuite, and the other good sized, built-in bedrooms located at the end of the hall. There is a separate toilet adjacent to the family bathroom and laundry. Glass sliding doors in the living room, lead to the extensive, covered outdoor living area and fully enclosed back yard. For the golfing enthusiast, this would be heaven as a gate gives private access to the golf course.

6 Fitzgerald Street, Gatton is a very liveable and easy to maintain home complete with security screens throughout, in a very quiet neighbourhood. With loads of room for the family to enjoy inside and out, and ever so close to the golf course, this appealing residence will suit many.
