An incredible opportunity to secure a beachfront property in a prime position such as 60 Seaview Terrace does not present itself very often. With views over the headland everyone will envy you for, and uninterrupted surf views all the way down to the South as far as the eye can see, this highly sought-after beachfront address could be the opportunity you have been waiting for. Enjoy direct beach access from your backyard, with your feet in the sand within seconds. As typical for this stunning beachfront location, the current owners have enjoyed this enviable position for the past 30 years.

Unique slab hut gates set the tone for this relaxed and peaceful home. The easy 4-step entrance, weather-protected by a colonnade that gives this space an exotic feel, is a rarity in beachfront homes of this calibre.

The layout stretches over two levels with the upper level home to two bedrooms including a guest suite with an adjoining bathroom and access to the sun garden, perfect for accommodating family. The master suite has low-maintenance plantation shutters to control breeze flow and light, plus a private balcony and an open-concept ensuite with a spa bath, shower and bidet.

A gentle stairway leads down to the lower level with two more bedrooms, both with built-in robes, access to a balcony and beach views. There is an open-plan living space as well as a media room that could also be a third bedroom for this level.

A space saving European laundry allows you to close the door on any mess when guests drop by, while the kitchen and second living area turn this level into the
