

19 Jackes St, Eastern Heights, QLD 4305

Sold - 4/06/2020

House 3^{bed} 1^{bath} 4^{car}

Deceased Estate comes Fully Furnished

This neat and tidy well-presented home was built in 1963 and has stayed in the family ever since. Meticulously maintained and cared for by the owner and his family. There have been many parties and friends get togethers over the years from the weatherproof separate entertainment area in the fully secured yard over the years. Many chats were held on the front patio and many more memories were made with friends when they visited this one owner family home. The home has 3 great big bedrooms all with built in wardrobes with internal drawers and hanging space, something that's lacking in today's designs. The master bedroom is airconditioned for your convenience. The original blue tiled bathroom has stood the test of time and functions like the day it was built. The owner has replaced the kitchen and stove giving you a modern look and convenience of plenty of bench space and cupboards. There is a spacious dining room separated by a bifold door which leads to the huge air-conditioned living area.

The home has been constructed of hardwood floors, walls and trusses in the ceiling. This is a very solid home that needs no maintenance. Not only have you got 2 separate living areas there is a full-length rear patio which is under the roofline. This gives you the opportunity to enclose this space and create multiple rooms/media room/home office/bedrooms etc.

There is a huge colourbond and brick shed with power at the rear. This can be accessed through the tandem car port which is high enough for a truck or caravan to drive through. All this on a massive 817m² block within walking distance to Bremer State High School, USQ, Parks and the local shops.

The bonus of buying this home is it must be sold and comes with a house full of furniture. That's right you can buy the home with everything inside ready to live. Including a fridge, dining table, lounges, recliner chairs, tv, stereo, beds, chairs washing machine etc everything you would need in a home.

The property will be for Sale By Negotiation. Contact Darren Boettcher for further information
