### Small Central Complex

Tucked away at the back of a well kept complex this unit has a new bathroom, a peaceful colour scheme and modern carpet. The block is bigger than usual for a unit this size making it perfect for those with a pet or a keen gardener. Recently and consistently rented for \$250 per week this unit offers a great return for the astute investor but would also make a lovely home for someone on a budget. Many of the units are owner occupied or owner's relatives, so it is a settled and peaceful place to live. A great starter home or brilliant investment. Private inspection or personal facetime inspection available at any time.
