House 3  1 

## Meticulously Maintained

You can see from the street that this house has been well taken care, and any faults have been attended to. Fresh exterior paintwork provides a neat finish for years to come, and a careful tenant means the interiors are clean and cared for too. There is a large eat-in kitchen at the rear of the home, a/c main plus 2 other bedrooms, and separate lounge. The laundry is downstairs with the outdoor living area, as well as a garden shed and carports. This is a no frills traditional family home in great shape, located close to the hospital. If you're looking to buy a neat home, move in and get on with your life, this meticulously maintained property is for you.
