Family Home with Flexible Floor Plan & Options

Character features and a flexible floor plan providing potential for independent living, work from home option (STCA) or additional income, combine to create an amazing opportunity.

Open for Inspection

By Appointment.

Situated strolling distance from local shopping, and minutes by car from Settlement City shopping centre, the CBD, schools and childcare, this home is perfectly priced for home buyer and investor alike.

Enjoy as a four bedroom family home with two living zones, two bathrooms and two laundries, or create an independent living option for extended family or teen utilising the separate entry and existing kitchenette. The private entry makes this the perfect work from home or rental opportunity.

Original features add to the charm and character of a home where modern bathrooms and an improved kitchen cater to contemporary lifestyles.

Polished timber floorboards are a feature throughout, bedrooms all have built-ins and gas bayonet points for heating and ceiling fans assure year round comfort.

The home is flanked by two driveways, providing great off street parking options and offers a single garage on one side and large workshop or additional storage on the other.

A level rear yard is low maintenance.

A truly unique proposition, we invite you to take the 3D tour watch the lifestyle video and then arrange your private inspection.
