

27 Fox Valley Way, Lennox Head, NSW 2478

Sold - \$1,100,000

House 4  2  2 

Modern Family Home

This special, recent build has all the mod cons that a family would be looking for in a modern home. As soon as you step inside you will be amazed at the ceiling height and extra attention to detail with the internal design and finish. Your eyes will immediately be drawn to the huge open plan living which continues out to the large covered North facing deck. With the optional privacy screens it overlooks what has to be one of the biggest flat back yards you will find in this estate. All the bedrooms are double sized with robes and include fans. The master has its own private courtyard off the en-suite. The home is built on a huge 814sqm block which still allows for plenty of potential for a pool and that extra dwelling.
