Hello Sunshine

Let the sun shine in, that's exactly what this house does. If you love Winter sun you are going to love this bright and sunny home in beautiful Belair. Winter sun floods into the two living areas warming the kitchen/family area and the dining /lounge area. The kitchen has been tastefully renovated with plenty of cupboard and pantry space and quality Miele appliances. All 3 bedrooms are a good size with built in wardrobes. There's a large outdoor area overlooking the professionally landscaped garden with pathways meandering under the archway to your back shed - with no lawn at all to mow. Don't let this gem get away, inspect today.
