Residential Land

Your New Lifestyle Awaits!

This spacious level piece of land on the Wilson's River is an excellent spot for weekend getaways.

The cleared 3440m2 block has a well-established guava orchard, and the rich soil is perfect for a market garden. Alternatively, you could keep a few horses here or bring the caravan out for the occasional mini-break.

A 20ft shipping container on concrete blocks is included in the sale - a good option for high and dry storage. Plus, there is a pump available to access water from the river.

PLEASE NOTE: THIS PROPERTY DOES NOT HAVE A BUILDING ENTITLEMENT!
