Araluen is a beautifully designed retirement village with a range of quality homes on offer. Because residents can renovate their homes to best suit them, there are also some truly spectacular outcomes of this freedom. Unit 19 is a brilliant example of a neat and tidy blank slate that can be moved into as-is, but is primed for transformation.

The light streaming in through the north-facing living room windows gives the whole place a warm and bright feel. The kitchen is also cleverly connected to the large, open lounge by a servery. Due to the trussed roof design, modifications are made easy. See unit 26 for a great example of how this floor plan can be reimagined easily.

Both bedrooms are generous in size, allowing them to be set up for a variety of uses, depending on your needs. The main bedroom will easily accommodate a king bed, as well as lounge chair or dressing table (in addition to the built in robes).

The established front and rear gardens offer great privacy throughout the year, whilst still allowing that Northern sun to stream in all day long.

What's on offer:

- Updated 2 bedroom home
- North-facing living area and rear courtyard
- Ample storage
- Gas heating
- Reverse cycle air-conditioning
- Large bedrooms
