

49 Stevenson Way, Orange, NSW 2800

Sold - 19/04/2021

Residential Land

READY TO BUILD ON

This rare find is ready to build on and has fencing in place plus leveling fill on site and we can also provide soil tests. This large block is around 1,010sqm and has a wide frontage and would also suit a dual occupancy, you may also be eligible for the first home buyers scheme and also the new government building stimulus grant. This is a great find as other blocks in Nth Orange are selling for similar money but no where near the size of this block.

Open for Inspection

By Appointment.

Property Features
