

58 Robert St, Wallsend, NSW 2287

Sold - \$817,000

House 3 2 3

Less than 6 years old, with classic styling

Quality lifestyle

sets the tone in a super convenient location, low maintenance gardens, rear lane access, built approximately 5 years ago , and a MASSIVE barn style triple (automatic) garage with high walls. To say this property has everything would be a vast understatement. All aspects of this property have been thought through meticulously, from the solar electricity system, 5,000L rainwater tank, and even the high-tech roof ventilation system. Established citrus trees and low maintenance shrubs add to the allure of the natural spaces, and to the utility they provide. The enormous garage is accessed from the adjacent lane, and has plumbing ready for adding a shower and toilet.

Open for Inspection

By Appointment.

Internally, the open plan living/dining and 3 large bedrooms give a feeling of scale, not often felt in homes of similar size. Ornate cornices and ceiling roses add to the fantastic period styling of the home, yet the abundance of modern features allow for an atmospheric 'old meets new' feeling. Being on Robert Street, gives fantastic access to Nelson Street shops, Wallsend Village, and Federal Park.

- Huge American Barn style garage & rear lane access
- 30mm stone benches to enormous gourmet kitchen
- 3 King sized bedrooms each with personal storage
- High-Tech roof ventilation for heating and cooling
- 10,000L rainwater collection and storage system
