Residential Land

DA APPROVED UNIT SITE IN BOOMING ORANGE NSW

Do not miss your opportunity to capitalise on the red hot Orange real estate market. Orange was No:3 for sales in Australia last year (Source Domain) and you could capitalise on it with this 5 unit development. The level block is surrounded by other newly built homes and others that will start construction soon. The approval has three 3 bedroom dwellings and two 2 bedroom dwellings all with en-suites and various garage sizes, with a potential gross rental return of around \$100,000 if fully let this site is worth considering.
