House 1  1  2 

Possibilities Are Endless

The main section of the house has been beautifully built by the current owner but they haven't been able to finish the kids bedrooms and guest bathroom so they have decided to sell the property as is and leave it up to the buyer's imagination to finish off the remaining works (the plans have been approved by Council for the unfinished stage, concrete slab has been poured and the exterior walls are up.) The possibilities are endless with what can be achieved.
