

11 King St, Rosedale, VIC 3847

Sold - 27/01/2021

House 3  1  2 

Period home on huge block with uninterrupted views.

This property is one of the special ones that as a Real Estate Agent and lover of period homes, my imagination goes 100 miles an hour at all the possibilities and potential this property has.

Located in peaceful King Street in the heart of Rosedale, this home is a diamond in the rough.

On a huge block approximately 900 sqm with endless views over farmland that cannot be built out.

The home boasts 3 bedrooms, huge kitchen and dining, and family lounge area complete with French doors onto the veranda.

The block also has a huge double shed and ample room to extend and grow.

The home does need renovation but with the right love, this home will be stunning.

Rosedale homes are selling within a week, so viewing is a must.
