

73 Overall Dr, Pottsville, NSW 2489

Sold - \$1,950,000

House 5 3 3

Is this your 'Once in a Lifetime' property?

Auction Location: On-Site.

Located in an exclusive stretch of Pottsville waterfront, this stunning architecturally designed property will have you in awe at its impressive size, gorgeous location and privacy.

This generous home has been designed and built for entertaining and features a great flow from the indoors to the outside. An expansive alfresco deck features a spectacular entertaining area overlooking Pottsville estuary, lush gardens and inground swimming pool.

The kitchen is impressive with European appliances, loads of storage, massive benchtop, and breakfast bar. This kitchen will impress any avid chef.

Relax in the living area while you sit and watch the activity on the water outside. If the kids need somewhere to watch TV or play their games, there's a second living space downstairs that will do the trick.

The five bedrooms on the second level are all spacious and boast ample storage. Whilst they all have plenty of natural light, the master has impressive views over the estuary as well.

Whilst the home is built towards the street front, this allows plenty of fenced yard for the kids to play. The three-car garage has plenty of extra room for all those toys you'll not doubt have when living on the water.

This once in a lifetime property offers a relaxed sanctuary that's perfect for the Tweed Coast Lifestyle with paddle boarding, canoeing or fishing at your back doorstep. It is tucked privately away on lavish landscaped grounds and has your own private beach access at the rear of the home. It's just a stone's throw to village shops, cafes and restaurants of Pottsville Village.

Once you see this property, you'll fall in love with it like I did. It's one of a kind and first time on the market since new. For further details, contact Ben Charlton on 0402 081 976.
