Modern and functional in design, this impeccably presented apartment offers the best of waterfront living. Featuring a wall of glass that takes in the superb water views, enhanced by light filled interiors and flexible living spaces. We love the crisp Hamptons-inspired styling throughout the home, accentuated with tiled floors and clean white walls offering a light and warm atmosphere.

A sunny open plan living area flowing seamlessly to an outdoor entertaining space overlooks the resort-inspired pool and is framed by established sun-drenched tropical gardens. In winter, the apartment perfectly captures the warmth of the sun whilst providing a cool breezy aspect in summer.

A cute foyer space teases and tempts upon entry leading you directly to an awe-inspiring open-plan setting. The large kitchen includes loads of storage, new appliances and of course a water view to die for. The extra-large master suite offers a walk-through wardrobe with ensuite, and the second bedroom has a huge built-in wardrobe and big double window.
