Built by renowned builder Roy Alvaro, the two-storey full brick home is large and open with high ceilings and generous well-proportioned rooms. Recently renovated kitchen and bathrooms create a modern sophistication whilst the stately entrance, staircase, lounge and dining room provide a sense of tasteful grandeur.

The four bedrooms are very well proportioned. The master suite on the ground floor is exceptional and the large home office (or 5th bedroom) provides an ideal work from home environment.

This is a classic home that meets the demands of modern family living. The quality of craftsmanship and attention to detail throughout the home is faultless.
