The floorplan is highly functional, with good flow between the living and sleeping zones. Attractive feature windows and glass sliders provide lots of light to the combined open-plan, air-conditioned living, dining and kitchen areas; all with a view to the north facing, covered alfresco. Paved and fully enclosed, this private space is perfect for that special furry friend and the morning coffee.

The impressive, u-shaped designer kitchen boasts stainless steel appliances (including a dishwasher), gorgeous timber bench tops and an abundance of cupboard space, in tones of smart grey and white. Fashionable floor tiles throughout the open-plan living, dining and kitchen areas are extended into the bathroom and separate toilet. The same co-ordinating colour scheme as the kitchen is continued into the stylish bathroom, which has practical under bench cupboard space and a separate shower and bath. The adjoining queen-sized bedrooms are carpeted, have large picture windows, ceiling fans and are built in. The compact laundry is nicely tucked in at the end of the double garage, which gives direct, secure entry into the unit.

With its tasteful features and in tip-top condition, 1/20 Payne Street, Wilsonton is not only comfortable but is easy to maintain and has significant appeal.
