The recently repainted home consists of three generous bedrooms with his and hers built in robes to the main and uniquely designed walk-in robes in the remaining two bedrooms. There is a modern and well-appointed ensuite as well as a great sized main bathroom.

The honeycomb style living areas provide a flexible floorplan with the well-appointed kitchen being the hub of the home. A north facing, fully screened room offers protection from the elements, while also being a great spot to entertain.

An abundance of veranda space surrounds the home on three sides providing serene views across the neighbouring paddocks in every direction.

This home is kept comfortable with two split system heating and cooling units, a brand new Nectre heating system. There is also an abundance of storage throughout the home.

This property is ideally positioned overlooking a billabong on approximately two acres of river flats land and has orchards and veggie gardens ready for planting.

An added bonus of a huge shed approx. 14 x 7 m split into two sections, each section has a full height sliding door entrance, while the eastern side has a sectioned off workshop complete with hoist. Two double carports ensure the families and visitors vehicles are protected from the weather.
