House 4  2  2 

Spacious Bunya Views

Located on the hill with classic Bunya views, this substantial home has got all the family needs covered. It has 4 bedrooms all with built robes and ceiling fans, large open plan kitchen and living area opening on the rear deck as well a separate formal dining/second living area. The main bedroom is air conditioned, a large ensuite and has views from the east around to the south east. The main bathroom is centrally located but private from the living areas. Outside the property fenced, has solar power, established landscaping, downstairs patio area and storage space under the house. There is plenty of space to grow and improve on this property, but the views remain yours forever.
