Stunning Full Size Villa In Central Location

Wow, this is one very beautiful villa - with a difference! Firstly it's a full size 3 bedroom, 2 bathroom, 2 garage villa (just like a normal sized home only with a small yard.)

Open for Inspection

By Appointment.

Secondly, it's impeccable - you can consider this villa in 'as new' condition. The villa has been recently renovated - you will move in and be smiling from day one!

Thirdly, it is very private - it's the last villa at the end of the complex, hidden away in a little world of its own.

And let's not forget the private courtyard area - it definitely is the best complex. It's not just a square plain courtyard - this one is alive with just the right amount of easy to maintain tropical plants and mulched garden beds, a fire pit area, covered alfresco areas, and it wraps right around the front, the side, and the rear. Indeed the side and rear are beautifully fenced for your puppy - yes you can have a pooch here! Yes, it just gets better and better.

The current owner has put some very stunning polished timber slabs with natural lines throughout the home that bring a warm earthy vibe here and there - there is one big beautiful piece under the bay window in the lounge room, one as a laundry bench, one in the alfresco area, and one in the main bedroom bay window. They really are a unique and stunning feature.
