Generously proportioned this family home offers a very popular floor plan and is perfect for those looking for extra living areas along with modern family living. Featuring large bedrooms all with built ins while providing a nice outlook from most windows, everyone will be happy here. The master bedroom comes with a large WIR and renovated ensuite. The large living area upstairs allows good separation and provides a long term family floor plan that won't be out grown.

Downstairs offers secure double lock up garage with air con and custom shelving, this area was previously used as a work from home gym area. The two spacious living areas offer room to move along with the dining area. The kitchen is central and offers a great outlook over the back yard and in ground pool. There is a 3rd toilet downstairs and a good size laundry with easy access to the clothes line.

Outdoors there is an amazing entertainment area with a great outlook all overlooking the huge inground pool, this pool with spa is large enough to entertain a home swimming school and will be perfect for those lazy days cooling off in style.

There is side access on the property and solar on the roof, a rain water tank and the home has been freshly painted and has new carpets, built on a large 841sqm block this home is well worth an inspection.
