This property has plenty of potential with the right vision, starting with the possibility of the kitchen & dining area to be converted into open plan living and become a fantastic feature of the property. With the stained timber trims and doorways throughout the home, the potential for great things is evident.

The front of the property features a deck ideal for your weekend dinners or to sit back, relax and enjoy the fresh air and view.

Out the back has a tool shed and covered BBQ area with a 7 seater spa to impress your family and friends. There is plenty of room around the house to create beautiful front and side gardens with lawn for the kids to play.

Call now to arrange an early access inspection.
