The Lifestyle;

Spoilt by one of Sydney's most famous beaches only moments away, you'll be hard pressed finding such an array of amenities right at your doorstep. Subregional shopping district at Pacific Square, strip mall with an array of restaurants and service businesses, Princes of Wales hospital, world-renowned Randwick Children's Hospital and the University of NSW. All this accessible by way of State rail that leads you to the CBD within 15 minutes.

Something from the Owner;

What we love about our home is its, for lack of a better word, cheerfulness. The amount of natural light, air flow and unobstructed views make coming home a natural anti-depressant. You will understand once you have spent some time in it. We love the convenience of literally having everything downstairs. You don't need a big fridge living in this apartment. We love walking through the landscaped garden of the residents area as we head to our building. There is a distinct change from the high energy hustle and bustle of Maroubra to a calm tranquility offered by this area. We enjoy the convenience of a well maintained gym, spa and pool and very helpful and efficient Strata management staff on site. Most of all what we will miss is our lovely neighbours.
