The Ultimate Family Residence

If you have been searching for the ultimate family home and will not settle for second best, then this is the home for you.

Before you even enter this magnificent steel frame brick home, it is clearly apparent you are about to be impressed, as you walk across the foot bridge, with large fish pond and water fall which beckons you to a double door entry. Once inside, the home opens into multiple free flowing living areas down stairs, including a huge lounge, large family room and up the polished timber stair case to upstairs bedrooms and an office. Outside there is a big, covered rear entertainment area, which overlooks the in-ground salt water pool and beautifully landscaped gardens. At the very rear of the property you will find a huge colour bond shed, suitable to adapt for any home business, or to store boats, caravans or large horse float. The shed area is accompanied by horse stables and its own separate driveway, perfect for trucks.
