House 2  1  1 

Full of Charm

The charm of this gorgeous 1920's style cottage cannot be denied. It's tucked behind a picket fence with many beautiful period features like leadlight windows, high decorative ceilings, picture rails and lovely timber floors that have been polished to perfection. The home has been freshly painted throughout and updated with modern conveniences like ducted gas heating and a split system, that complement the historical charm. The kitchen is renovated in a style that suits the house and is beautifully finished with stainless steel appliances, a farmhouse sink, subway tiles and timber benchtops. The lounge room is a delight with its fireplace and mantle taking pride of place. The two bedrooms are a great size and there is an office as well. Within easy walking distance of Kinross Wolaroi, coffee shops, restaurants and the CBD this makes for a perfect home or short-term accommodation option. You know it will not last long!
