Sold - 25/11/2021

House 2  1 

## Acreage with Potential

It's acreage, a solid home, close to town and has a town water connection. All very desirable features. The house is not modern but is neat and offers an opportunity to get started on acreage that won't need a lot of extra spending. There is also a free standing double carport. The block is mostly fenced, and could be used to graze a couple of horses with some clearing. As well as the rain water tank, there is also a town water connection here. Call me to inspect this property and see where you would take it from here. It's a solid start with plenty of potential.
