Front and side of the kitchen lie the light-filled living and dining areas making this an entertainer's delight as well as just plain easy for serving up the family dinner. Beyond the dining area lies a family room complete with a projector for home movies.

Off the wide central hallway lies a study for operating that home business and a convenient powder room next to the laundry. Climate control comes via central ducted heating and, for the warmer months, split-system air conditioning and evaporative cooling. Access to the upper floor is via a centrally located timber staircase leading to four bedrooms, a separate toilet, a bathroom with a corner spa, and a generous master bedroom with en-suite and WIR. Step from the master bedroom straight onto the upper balcony with views across the prestigious Thomas Carr College.

Privacy in the rear garden is guaranteed with a hedge and trees surrounding the garden including the 50,000L solar-heated pool and alfresco area with its own sunscreen blinds for protection against the elements. This 636m2 block also includes a garden shed and water tanks to help play your part in conserving this natural resource.
