## Massive 5 Bedroom Home with 3 Living Areas

Not too often a home of this size comes along with so much to offer. Can you show me another home that has 5 genuine bedrooms all with built in wardrobes with the master bedroom boasting a generous sized ensuite and a walk in robe, with 3 separate living areas. Situated in a quiet flood free location with just about all the amenities only a few minutes drive. I do not think you can find one as good. The seller of the home is very motivated to sell as you can see by the asking price. The owner has just laid new carpet throughout all the bedrooms plus the media room. He has also freshly painted the home inside for you. Lets try and let you show what this home is prepared to give you if you are interested.
