**WANT A CBD PROPERTY THAT TICKS ALL THE BOXES AND MORE??**

This timeless property will only be limited by the buyers wants and imagination.

Located at the Marina end of Central Lane, this former home dates back to the origins of our famous yacht club, only a stones throw away from the waterfront and the original meetings were often held here. If the walls could talk there would be plenty of history and stories to tell.

This commercially zoned home sits on a large 916m2 allotment with the additional bonus of a wide 20m frontage in the centre of town.

A stone's throw from the amazing and ever improving Marina and East Shores parklands the location could not be better. The wonderful craftsmanship and full hardwood structure ooze a class simply waiting for the next owner to embrace.

The property is available for sale at only \$365,000 so for a confidential inspection and full details contact the Marketing Agent Mark Spearing on 0418 886 514 or mark@gladstoneproperty.com.au to arrange your inspection.
