Once you walk through the front gates of this home you will feel like you have entered your own private oasis. This three bedroom family home is unique in many ways and offers a lovely sense of space and tranquility. With a yard which is extremely private from the roadway, multiple outdoor entertaining areas to choose from and a pool which has a fantastic deck area surrounding it, this property really does represent a fantastic opportunity to purchase a home which is unlike many others.

The living, dining and kitchen area is full of natural light and offers such high ceilings, the sense of space truly is amazing. This area of the home is cool in summer and warmed by the open fireplace during the winter. The spacious main bedroom is filled with lovely light and has both an ensuite and walk in robe. The second and third bedrooms both offer built in robes and are tucked away from the main living area. The large main bathroom has a retro feel to it which just seems to work beautifully with the rest of the house.

The property is just a short walk to the Banora Shopping Village which hosts a range of amenities and just a little further away you will find Club Banora.
