Super Size Family Home Home Open This Saturday

Here is your chance to secure this super sized family home in this highly sought after pocket of Lakelands within walking distance to Coastal Lakes College and Madora Bay shopping center.

Open for Inspection

By Appointment.

This really is a super size home approx. 220m2 of space. Over size front living, massive master bedroom with en suite with it's own spa bath and separate shower.

Imagine cooking up a storm in your large kitchen while watching the kids play in the family area and or games zone. There is even a view into the garden from the kitchen which is always kind of nice.

The three remaining bedrooms are as you would expect oversized all with built in robes, they are located at the rear of the property along with family bathroom and laundry.

The property has been freshly painted throughout, ready and waiting for it's new owners...
